Denial of Chris Place access

I am submitting the attached petition to the Village of Colonie regarding the proposed 29 Vly road development. I spent 5 afternoons going from house to house on Chris Place, Loralee Drive, Daniel Lane and Hanifin Avenue and was overwhelmingly greeted by residents who DO NOT want Chris Place used as an access road to a new development.

Of the 60+ residents I did speak to, there was one who abstained due to a conflict of interest and one who said she wasn't compelled to sign. She did sign the Environmental Impact Study petition though.

(There were eight homes that did not have anyone home to speak to but with more time I would have been able to reach them).

Everyone else signed this petition. That is almost 100%!!

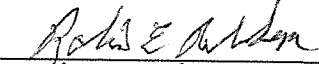

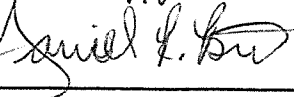

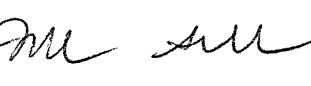

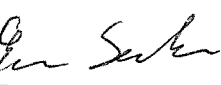

The overwhelming feeling is that there are other viable alternatives that would make so much more sense. The residents in this neighborhood DO NOT want any more traffic going through this neighborhood! We already have a terrible problem with too much traffic for Saddlewood Elementary School.

Judy Canniff
6 Chris Place

We the undersigned, ask the Village of Colonie Planning Committee to deny access to Chris Place as part of the development of the 29 Vly Road subdivision due to multiple factors such as narrow streets, tremendous increase in traffic volume, construction traffic, dust and debris, pedestrian safety concerns, wear and tear on existing streets in the neighborhood and increased school bus volume to Saddlewood Elementary School.
