SENIOR CENTER IMPROVEMENT UPDATE

9/14/2023

We hope this update finds you well. We wanted to give you some information regarding the senior center improvements being conducted.

Since our closing on July 10th, the contractors have been diligently working on installing new thermostats in all the rooms in the facility for the new HVAC system so that each room will have their own heating and cooling controls once we re-open.

The contractors have also completely brought the current bathrooms down to the studs, and are installing all new tile, walls, partitions, drop ceiling and fixtures, that include touchless features.

Due to unforeseen delays in material supplies, we did run into a lag with the bathroom materials, which has pushed the completion date back.

We are very excited for you all to see the final results. Thank you for your patience during this time. We hope that you have enjoyed our curb-side lunch program while these renovations are being conducted. Once we get closer to a re-opening date we will let you know.

As always, please feel free to reach out with any questions
518-869-7172.
